Email _____

Name of Organization _____

Address _____

Email _____

1. Organizations or Individuals (“Applicant Organizations”) seeking relocation, temporary removal or upgrades of roadway streetlights or related wiring will need to file a Plan of Work with the Public Lighting Authority of Detroit (“PLA”) for approval. This Plan of Work must indicate all street lighting and wiring relocation, temporary removal and upgrades that are being requested of the PLA and specify a proposed timeline for the work. Note that any upgrades of lights and style shall be one of PLA’s existing models. (The Catalog of PLA Models is available at pladetroit.org.)
2. Applicant Organizations will bear all costs involved in the Plan of Work as approved by PLA. (Project Costs and Terms will be specified in the approved Plan of Work).
3. Upon receipt of the approved Plan of Work, Applicant Organization should return a signed acceptance for PLA to initiate a work order.
4. Applicant Organizations will make financial arrangements with the PLA before the approved Plan of Work can be executed.
